Description The agricultural producer security program, providing an exemption from emergency rule procedures, and granting rule-making authority					

Assumptions Used in Arriving at Fiscal Estimate

This bill makes incremental changes and revisions to Wisconsin's Agricultural Producer Security program within the department. The Agricultural Producer Security program was designed to protect agricultural producers from financial defaults by those purchasing the producer's products. Persons who purchase grain, milk or vegetables from Wisconsin producers and grain warehouse keepers who store grain for others participate in the program.

While this bill modifies various requirements for licensed contractors, it represents neither an increase nor decrease in the department's workload. Therefore, there is no fiscal effect on the department.
